A decorative, light gray floral branch with leaves and small flowers curves along the left side of the slide.

What are brand guidelines?

A dark blue, four-pointed star icon with a soft glow, positioned to the left of the text.

Brand guidelines provide the official policies and standards for visual identity. It is applied to all materials, whether print or digital. It includes guidelines on the proper use of the logo, colors, and fonts.

A dark blue, four-pointed star icon with a soft glow, positioned below the first star.

Logo

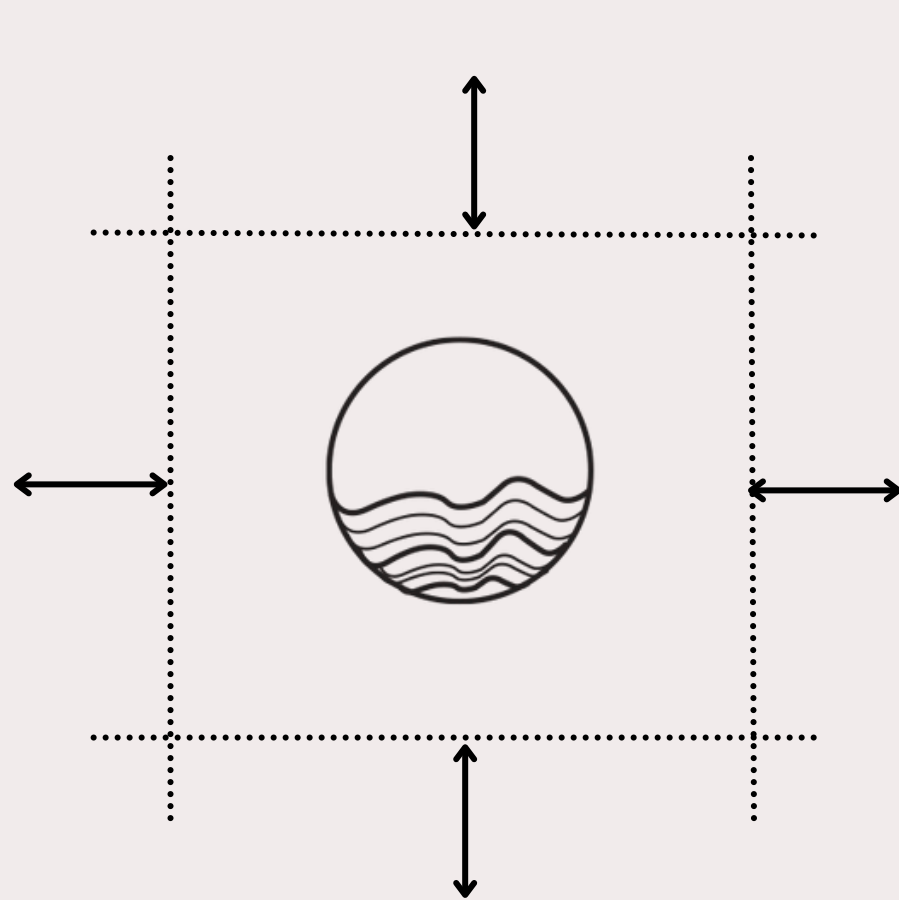

A logo is the visual representation of your brand. It can be used on all print media, all advertising platforms, websites, and other external communications.

LOGO PLACEMENT GUIDELINES:

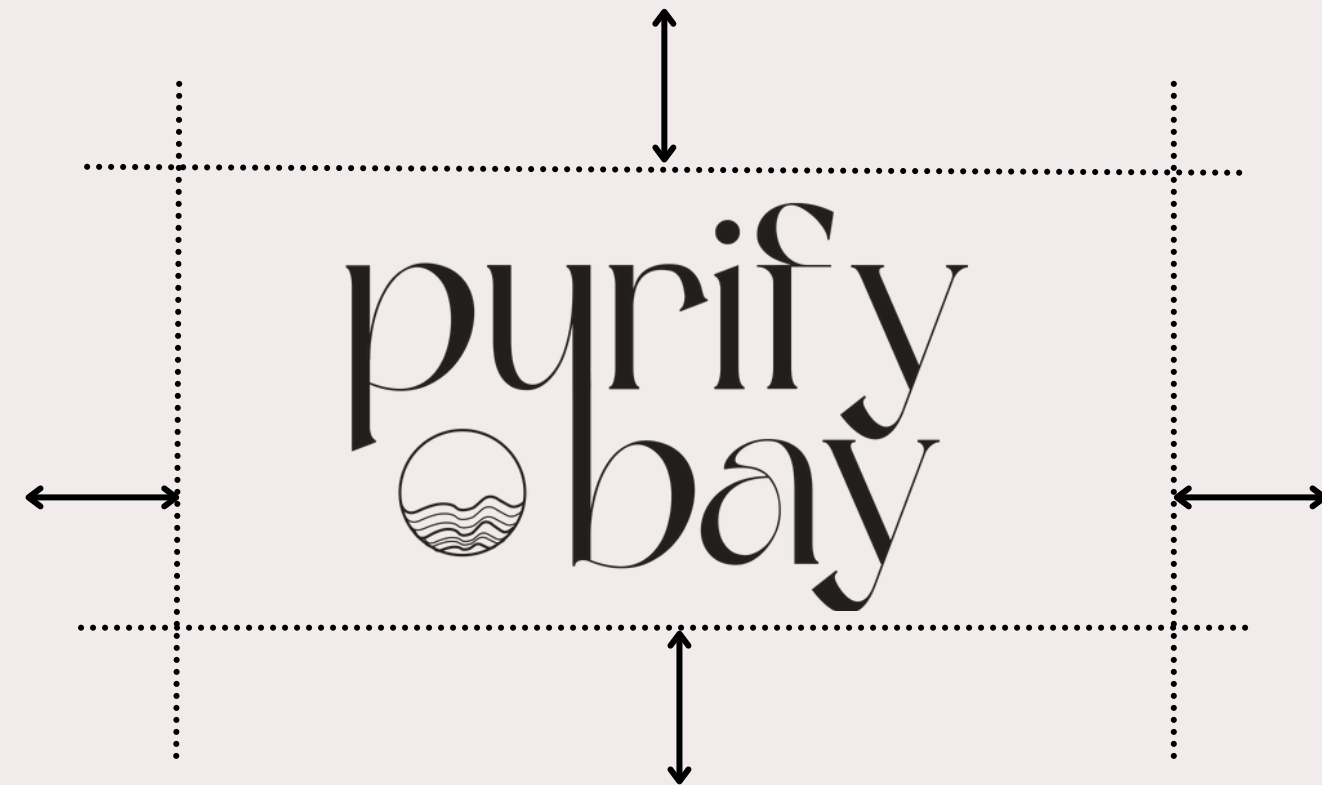

- The logo should be visible in all visual communications.
- For legibility, keep the area around the logo clear.
- Corners, headlines, and footers are your friends in utilizing the logo.

Full Identification Logo

Making sure there is negative space between your logo and another design element is important. Leaving .5 in of space is a great start while building your brand!

Color Palette

The color palette sets a visual tone for your brand. Colors can also create a strong brand recall when it is associated with your brand. Colors can also help aid in establishing your audiences emotions when viewing your brand.

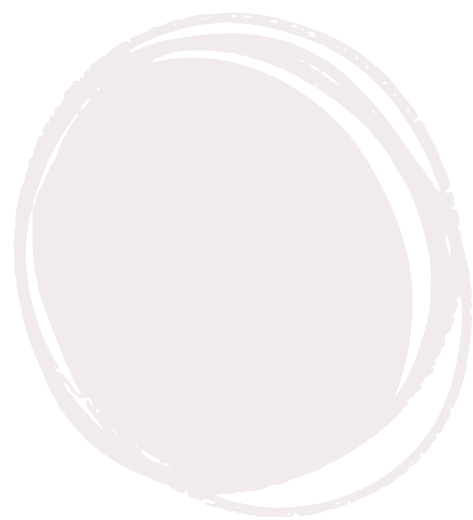

COLOR PALETTE GUIDELINES:

- Create a primary palette.
- Note which is the main color.
- A secondary color palette may be used to complement the primary palette while creating.
- Consistent use is important.

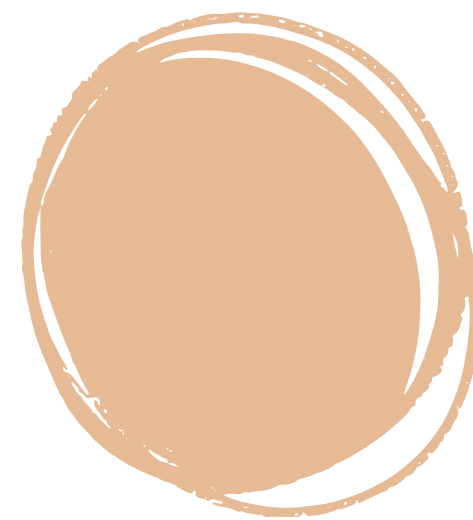

Primary Palette

#F1EBEB

#ADC4DF

#E6BA95

#5F6A79

Secondary Palette

#D6C4B2

#CDCEC9

#AFA991

#807C53

#283632

Typography

Having a signature font contributes to a strong brand. It is considered as a visual component and should be consistent throughout.
